Sir:

**RESPONSE TO OFFICE ACTION MAILED AUGUST 25, 2005**

Responsive to the Office Action mailed August 25, 2005, Applicants respectfully request reconsideration of the above-identified application in view of the following remarks. Claims 1, 23, 41, 42, 45-48, and 50-62 are now pending in the instant application.

**1. Claim of priority**

The Office Action asserts that the amino acid sequence set forth in SEQ ID NO: 4 is entitled under 35 U.S.C. § 119(a) to the benefit of the June 21, 1989 filing date of German Patent Application No. P39 20 282.8, but not to the April 21, 1989 filing date of German Patent Application No. P39 13 101.7.

Although Applicants respectfully disagree with the Action's priority determination, Applicants contend that this determination is not relevant to the rejection made in the instant Action. Applicants, therefore, acknowledge the Action's priority determination, and elect to address this determination when it becomes relevant to the patentability of the instant claims.

**CERTIFICATE OF MAILING UNDER 37 C.F.R. § 1.8**

I hereby certify that this correspondence is being deposited with the United States Postal Service with sufficient postage as first class mail in an envelope addressed to: Mail Stop Amendment, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450, on November 23, 2005.
